

# HOW TO MEASURE PENILE CURVATURE USING PHOTOBLEND APP AND 9 GRADED PENILE CURVATURE EXAMPLES

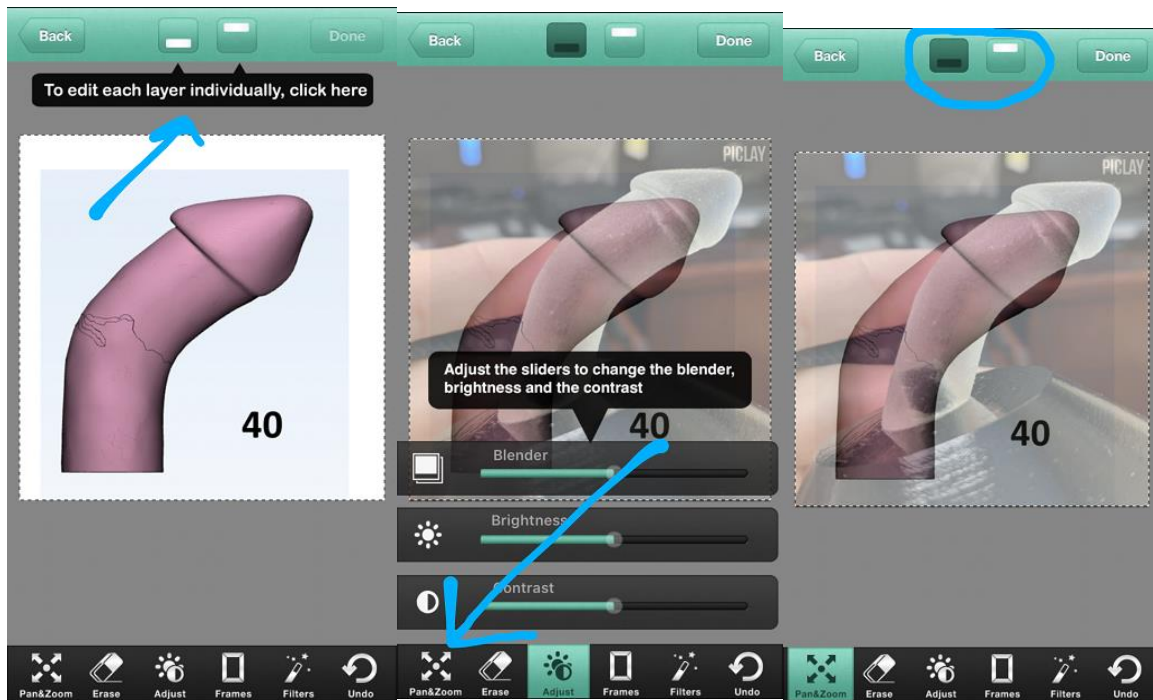

1. Select the picture of the penile curvature you want to measure

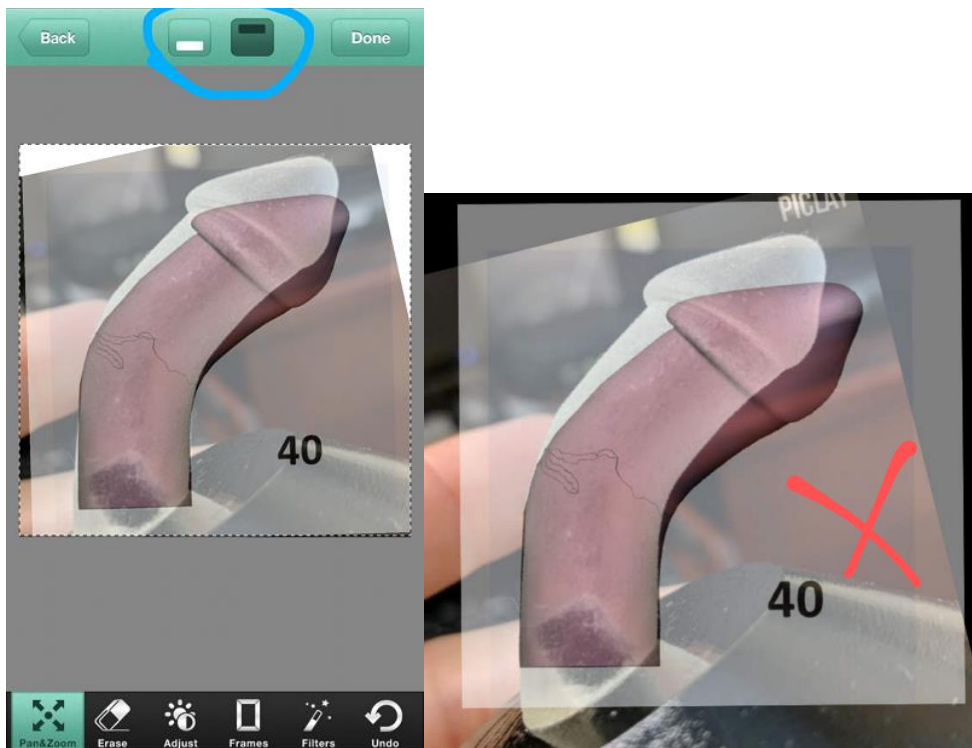

2. Select one of the 9 graded examples (the one you think is the best match)

3. Then choose image to manipulate and then click on Pan and Zoom button:

4. Go back and forth in between the 2 images until the best match is achieved:

**5. Repeat the process until the best match is found:**
